Editorial

Dear All

After a torrential down pour my Auto got wet for the first time in her twenty one year life, on the way to the Club's annual get together at Gaydon in August. Thankfully though the rain kept off as we rolled down the tarmac drive, headlights on and doors up, much to the amazement of many of the Renault Owners Club members. A pleasant day with plenty of D' chatter and photograph opportunities. A big thank you to Claire Usher and the Renault Owners Club for inviting us.

The event will be covered in full detail in the next months issue of DeLorean News.

The Club's new website at the new address of www.deloreans.co.uk was launched on Thursday 24th September at 9:30pm precisely. In September alone we had 385 visitors, downloading a total of 330 megabytes of data by people in Japan, Russia, Poland, Hungary, Singapore, Norway, Australia, Denmark and of course the UK.

The site has been re-designed whilst maintaining all of the useful information found on the old site. It now boasts some new features including a members only area {see back page for login username and password} and an area for members to advertise their car or parts for sale. Please email news@deloreans.co.uk with the details. There is also a Club shop page which advertises Club gear and a few of the models on

offer, these items will be included on the site in future updates, keep coming back for updates.

I took a couple of weeks out from my life to set up the new site and get it up and running but as I am busy with the magazines and fliers we are offering the position to anyone who has experience and is willing to maintain and update the site on a regular basis.

Our email addresses have also changed and are as follows:

Secretary: Chris Parnham
secretary@deloreans.co.uk

Editor: Andy Withers
editor@deloreans.co.uk

Treasurer: David Howarth
treasurer@deloreans.co.uk
{Not online at this time}

Technical: Mark Bourne
technical@deloreans.co.uk

Club Shop:
shop@deloreans.co.uk

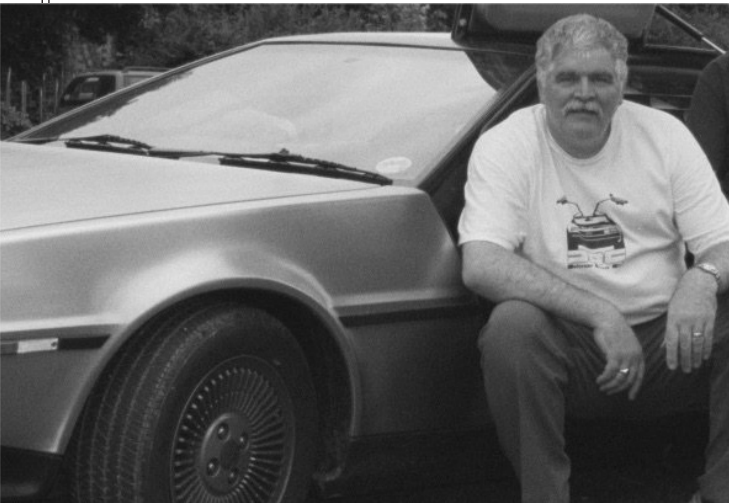

General site & Club information
news@deloreans.co.uk

The Club now has a membership of 260 members from all over the world. The website brings in many new members, we would like you to send us information about you and your car for the world to see, showing that the DOC is one of the best and liveliest car clubs in the world.

Best Wishes
Andy

From the Secretary

With thanks to Andy for all his hard work the clubs new website is now launched at www.deloreans.co.uk.

I would like to publicly thank Martin for his sterling work in the past but even maintaining these sites can be time consuming, Martin along with Dave Woodyard are now concentrating on making their living through DeLorean Motors UK. However we must try to keep all commercial ventures at arms length from our non-profit making Club.

Any cars advertised on the back pages of DeLorean News magazine can now also be advertised for sale on the website for the modest fee of £10 until sold. Advertising in the magazine is still free.

The site has a *members only* area which you can access by logging on with a username and password. This will change periodically and you notified via the club newsletters and will be exclusively for paid up club members. It is hoped that this will evolve and expand over the coming years.

I would like to be able to put members contact information in this area as I know that we have members in the same town who are unknown to each other. We are lucky to be a friendly club and I intend to keep it that way and it would be great if members, especially non-car owners, knew of an owner or member living nearby. I have found that most members

are quite happy to show off their pride and joy to a fellow enthusiast. However I cannot include member's personal information without permission. If you would like to participate and share you personal information please complete the consent form that will be enclosed with your membership renewal at the end of this year.

Welcome to the home of the DeLorean in the United Kingdom, if you are interested in the DeLorean sports car or joining the UK's owners club, UK on the DeLorean.

To those of you who have computers (or are thinking of buying one) I would strongly urge you to get on line, sign on to the clubs news group, where you will be in contact with loads of other DeLorean enthusiasts, mostly in the UK, but our DeLorean Brotherhood (and sisterhood) now stretches right across the world!

The newsgroup is the ideal way to share problems and fixes, sell buy spares and organise last minute attendances at shows and rallies. Its much more fun when we arrange to drive and arrive in convoy, many of these invitations/decisions are taken at the last minute especially if the weather suddenly looks good. It's never too late to learn to work one of these fancy electric typewriters!! Go on ...get online I have! You'll wonder why you held off for so long.

We have decided that you can now buy you very own personalised membership number. I have become number 02, Dave has always been number 1 and Mark Bourne has become 007. How? Well you send me a cheque for £5.00, made payable to the club and when I receive it I will contact you and check what is still available on a first come first served basis.

There are plenty of low numbers currently available from 008 upwards.

This years NEC car show during the weekend of Sat. 8th & 9th November and is going to be bigger and better than ever. The visitors are going to have to walk past Backy, which has been strategically placed in the entrance area and Dave Howarth has managed to borrow an absolutely superb backdrop for the club stand. We will have several cars on show including a RHD. See you there.

Chris Parnham, your honourable secretary, "Slimmed down" (by 51 lb)
